MEMORANDUM FOR: Ambassador Steven Bosworth
Director, Policy Planning Staff

FROM : Charles E. Waterman, Vice Chairman
National Intelligence Council

SUBJECT : Proposed Agenda for 22 June Meeting

1. I suggest the following agenda for our meeting between 1030 and 1230 on June 22:

- 1030-1115: Strategic arms issues involving: SALT violations; ABM breakout (beyond 100 launchers); action-reaction scenarios. NIC participant Larry Gershwin, NIO/Strategic Programs.
- 1115-1145: Near East/South Asia issues, specifically: Syria and the peace process; evolution of Indo-Pak relationship. NIC participant Graham Fuller, NIO/Near East and South Asia.
- 1145-1230: Debt problem, specifically: The Brazilian case; extent and motivation of short-term capital flight from LDC debtors; economics and politics of intermediate term adjustment in LDC debtors. NIC participant Maurice Ernst, NIO/Economics.

2. As in our last session, each NIO will be prepared to start off the discussion by a brief presentation. We are essentially entirely loose in format, however.

3. Again, the time allotted obviously cannot do justice to these subjects. I hope the discussions will serve as a spur to ongoing dialogue between those specifically responsible for the topics under consideration in the two offices.
